

## **Additional Tips**

#### Clean everything.

Cleanliness signals to a buyer that the home has been well cared for and is most likely in good repair. A messy home will cause buyers to notice every flaw.

#### Unclutter your home.

The less "stuff" in and around a home, the roomier it will seem.

#### Let the light in.

Open the blinds. Put brighter bulbs in all the lamps. Bright, open rooms feel larger and more inviting.

#### Let some fresh air in.

If the weather is nice, open the windows. Fresh flowers and potpourri can also be used to your advantage.

### Send the kids to Grandma's.

Or take them on a walk around the block. Active children can be distracting to someone viewing a home.

### Paint!

There's nothing that improves the value of a home more than a few cans of paint. And it's so often easier to paint a room than it is to scrub it. Stick with neutral colors.

### Keep the noise down.

Turn off TV and turn on soft instrumental background music.
